The auxiliary housing (L-No. 1 628 7... 1 630 9) for the call stations (L-Nr. 1 593 8... 1 595 0) consists of 1 ... 3 twin switch levers for the use of 2 ... 6 destinations incl. switch related indication lamp. The housing offers two expansion fittings for future use of additional twin switch levers or display functions also.

News about our new products

We offer regular informative meetings and present our new products in a pleasant atmosphere.

Furthermore we want to introduce our new sales staff to you.

We would be pleased to have you here as our guests at ms Neumann Elektronik GmbH in Muelheim an der Ruhr. If you are interested you will receive a private invitation for the next event on 29th January 2008 within a short time.

Further information about our products are offered in our training courses and information meetings for products and solutions as shown in our schedule.

New sales staff

For a higher sales efficiency in Germany we engaged two new sales men in January 2008.

Mr. Mathias Engl will be responsible for the Southern Part of Germany, Mr. Dieter Schenkewitz will be responsible for the Western and Northern Part of Germany.

Mathias Engl

Dieter Schenkewitz

Apprenticeship company of the year

ms Neumann Elektronik received the award of the apprenticeship company of the year 2007. In the course of the employers reception in the “Haus der Wirtschaft” located in Muelheim the award was bestowed for the most offensive apprenticeship companies in the region of “Muelheim an der Ruhr”.

The campaign „Apprenticeship Offensive“ has been originated by the local newspaper WAZ and is executed since many years with prospective partners.

The award referred to the following company policies:

- Continuous apprenticeship since company foundation
- Apprenticeship even above capacity employment
- More than 10% of personnel provided by apprentices
- Offers of external training courses for apprentices
- Innovative apprenticeship in new job segments
